INSTRUCTIONS

MODEL : YAMAHA TDM 900

PRODUCT : ENGINE SPOILER

CODE : ES-YTDM900/04A

CONTENTS

Plastic spoiler
4pcs. Support brackets
4pcs. M6x20 bolts
4pcs. M6 clip nuts
4pcs. Rubber washers

MATERIAL SPECIFICATIONS

The product's material, made of **ABS** plastic with acrylic exterior layer, can be placed on your bike without requiring painting but if you want it painted, all paint companies have equivalent machinery at their disposal. If you want to paint it yourself, you should contact them to inform you on what you will need and how to do it.

Placement

OUR COMPANY SUGGESTS THE INSTALLATION BE CARRIED OUT AT A WORKSHOP OR BY QUALIFIED STAFF

- Clear the area surrounding the engine.
- Put together the four spoiler pieces with bolts and nuts included in the fitting kit.
- Put the clip nuts on the support brackets (inside the square holes) and then place them as shown in Photos No 1 & 2.
- Place the rubber washers on the engine spoiler's holes.
- Put the spoiler in position and make sure that the brackets are in the correct position.
- Bolt tight until the screws have pressed well enough on the rubber washers.
